Environmental Policy

Lanyonscapes and AJK Contracting share the aim of being industry leaders within the revegetation and landscaping industry through the provision of quality goods and services. They are committed to ensuring they deliver quality products and services that fully meet the needs and expectations of their clients at all times.

Lanyonscapes and AJK Contracting are committed to undertaking their businesses in a manner that recognises the importance of environmental protection and sustainability. We are committed to minimising environmental impacts in all our operations by:

- Considering the needs and expectations of interested parties, and complying with all relevant statutory obligations, codes, standards, and contractual requirements
- Establishing environmental objectives in alignment with strategic direction, project risk, and industry best practice
- Understanding the exposure to environmental risk throughout our operations, and implementing processes and procedures to identify, prevent, and mitigate undesirable environmental impacts
- Source and promote a product range to improve environmental outcomes for our clients
- Maintaining an Environmental Management system that enables us to:
 - manage, monitor and review our environmental performance
 - continually improve our EMS to enhance environmental performance
- Educating and training our people to continually improve awareness, skills and knowledge of environmental issues and practices

Scott Verrall

Managing Director
Lanyonscapes Pty Ltd, and
AJK Contracting Pty Ltd
